Profile

Full Stack Developer with hands-on experience in MERN Stack(MongoDB, Express.js, React.js, Node.js) and PHP development. Skilled in developing scalable web applications, RESTful APIs,JWT authentication, payment gateway integration, and responsive UI development.

Experienced in React.js, Node.js, MongoDB, WordPress, WooCommerce,Cloudinary, Razorpay, and deployment platforms like Vercel and Render.Passionate about building clean, efficient, secure, high-performance, and user-friendly applications.

Skills

Frontend Development

HTML5, CSS3, Tailwind CSS,JavaScript (ES6+), React

Database

MongoDB, MySQL

Concepts

RESTful APIs, JWT Authentication, bcrypt, Razorpay Payment Gateway, Nodemailer, Cloudinary, Multer

Deployment

Vercel, Netlify, Render

Backend Development

Node.js, Express.js, PHP

Tools & Technologies

Git, GitHub, Postman, VS Code

Platforms

WordPress, WooCommerce

Training & Experience

08/2025 – 02/2026	Trainee Software Engineer (PHP Developer), Webkul - Developed and customized WordPress and WooCommerce themes and plugins for e-commerce platforms. - Built reusable React.js components to improve UI scalability, maintainability, and performance. - Implemented secure coding practices to ensure data protection and application reliability. - Integrated payment gateways such as Stripe and Razorpay for secure online transactions.	Noida, Uttar Pradesh
01/2025 – 06/2025	Full Stack Developer (Intern), Hoping Minds - Built full-stack web applications using MERN stack (MongoDB, Express.js, React.js, Node.js) - Designed and implemented responsive UI components for improved user experience - Developed and integrated RESTful APIs for dynamic data handling - Performed CRUD operations and optimized backend performance	Mohali, Punjab
06/2023 – 08/2023	Full Stack Development (Trainee), Future Finders - Developed responsive web pages using HTML, CSS, and JavaScript - Built small-scale applications to strengthen frontend and backend fundamentals	Mohali, Punjab

Education

2021 – 2025	B.Tech in Computer Science and Engineering, <i>Lyallpur Khalsa College Technical Campus</i> CGPA: 7.71	Jalandhar, Punjab
2019 – 2021	Senior Secondary Education, New St. Soldier Sen Sec Public School Percentage: 77%	Jalandhar, Punjab
2019	Secondary Education, The Gurukul School Percentage: 73%	Jalandhar, Punjab

Projects

My Store – Full Stack E-Commerce Platform [🔗](#),

MERN Stack | React.js, Node.js, Express.js, MongoDB | Redux Toolkit | Razorpay | JWT Authentication

- Developed a full-stack e-commerce application using MERN stack with secure JWT authentication and RESTful APIs
- Built admin dashboard for product CRUD operations and order management
- Integrated Razorpay payment gateway with secure payment verification
- Implemented shopping cart, order placement, and Redux-based state management
- Added email notifications using Nodemailer and image uploads using Cloudinary + Multer
- Designed responsive UI using React.js and Tailwind CSS
- Deployed backend services on Render.com [🔗](#)

Hospital Management System [🔗](#) , *MERN Stack | React.js, Node.js, Express.js, MongoDB | JWT Authentication*

- Developed a full-stack hospital management system using the MERN stack
- Implemented secure JWT authentication for user authorization
- Designed scalable RESTful APIs for patient and doctor
- Built responsive and user-friendly UI using React.js
- Integrated frontend and backend for real-time data handling and seamless workflow
- Optimized application performance for smooth user experience across devices

WordPress WooCommerce Security Captcha Plugin, *Tech Stack: PHP, WordPress, WooCommerce*

- Developed a custom plugin integrating Cloudflare Turnstile CAPTCHA
- Secured login, registration, checkout, and payment workflows
- Ensured compatibility with modern and classic WordPress themes
- Improved website security and reduced spam activity
